

ADJACENT HOMEOWNERS AGREEMENT

I _____ residing at
_____ whose phone number is _____ am planning to construct
a _____.

To do so may require the contractor to cross over the property lines and possibly cross onto your property to get to my property. While every attempt will be made to cause you or your property no damage or inconvenience, I am asking your permission and signature in agreement with the project.

Prior to completion a member from the local Board of Directors and the ARC Committee will ask you if you are satisfied with everything. Should any expenses be required to bring your property back to standards it will be paid by me. The Master Association has \$5000 in escrow paid by me to cover the cost of any damage that I do not cover on my own. (We recommend that photographs be taken prior to construction to support later claims of damage.

_____ I agree with project proposed.

_____ I do not agree with project proposed.
